The Rideau Valley Conservation Area (RVCA) Rideau Lakes Watershed Plan – Questionnaire

For more information, see <http://www.rideauvalley.on.ca/watershed/index.html>

Please answer the questions as thoroughly as you can. Please keep in mind that these questions pertain to the entire Rideau Lakes Watershed and not just your lake or area.

1. What do you value most about the watershed? (e.g. variety of plants and animals, recreational opportunities, nature appreciation, etc.)
2. What are the major issues facing the Rideau Lakes Watershed now and in the future? (e.g. poor water quality, not enough fish, poor economy, water levels, etc.)
3. What needs to be included in the watershed plan and/or its process? (e.g. good inventory of existing conditions, clear goal statements, community input, etc.)
4. Who needs to be included in the watershed planning process? (e.g. all stakeholders including municipalities, farmers, business owners, etc.)
